

# TURF HAWK

**BUILT TO LAST  
ENGINEERED TO DRIVE RESULTS**

FI Equipment has partnered with **Dream Turf Equipment** to better serve **you** with a well established dealer network.

The Turf Hawk™ is a pull-type machine line up that was designed to reduce time spent grooming while enhancing the quality of both natural and artificial turf surfaces. The machines provide up to **3 essential grooming tools** for single pass efficiency, including; **rotary brushes, magnet bars, debris collectors or spring tines**. Proven to be more effective at decompacting artificial turf than traditional drag brushes, the Turf Hawk's rotary brushes maintain an optimal surface hardness to enhance player safety. Use the Turf Hawk Pro to triple the working width to improve efficiency and reduce event turnover time.

## PRODUCT SPECIFICATIONS

	TURF HAWK	TURF HAWK PRO
Brush Working Width	5' 4" (1.63 m)	15' 6" (4.72 m)
Ideal Working Speed	6 mph (10 km/h)	
Transport Speed	12 mph (20 km/h)	
Approx. Weight	575 lbs (250 kg)	1350 lbs (612 kg)
Vehicle Requirements	12 V Battery	
	10 HP	20 HP
Towing Capacity	200 lbs (91 kg)	600 lbs (272 kg)
